FRIENDS HONOR MISS JOAN NISSEN.

On Tuesday evening, July 15, a large group of friends and well wishers gathered in the basement of the United Church to honor Miss Joan Nissen, a bride of this week.

The basement was decorated with pink and white wedding bells and streamers and centred with a wishing well over which hung a bright neon sign bearing the words, "Joan and Art."

Mrs. D. H. Gunn was Mistress of Ceremonies and kept everything running smoothly. The program consisted of a piano solo by Arlene Clumstad, accordion solo by Eileen Anquist, a musical contest conducted by Mrs. R. O. Larson and Mrs. Clair Lukens.

The hostesses then sang a song especially composed by Mrs. G. Hurst.

Following this, Joan was asked to explore the contents of the wishing well. A lovely array of useful and beautiful gifts were discovered there. She was assisted in unwrapping these by Mrs. H. C. Nissen, Mrs. Bill Belton and Mr. Louis Larson.

After the gifts had been admired by all, a bountiful lunch brought this happy occasion to a close.

Card of Thanks

I wish to thank all my kind friends who sent me cards and wrote me cheerful letters. They were enjoyed very much. I also wish to thank the W.I. for the lovely bouquet of flowers. Again many thanks, one and all. It was all appreciated very much.

—Mrs. Ida Savard.

Work on Highway 14 this week consists of asphalt surfacing east of Jarow, and base course east of Irma.

And Jesus said unto them, I am the bread of life: he that cometh to me shall never hunger, and he that believeth on me shall never thirst. But I said unto you, That ye also have seen me, and believe not.

All that the Father giveth me shall come to me; and him that cometh to me I will in no wise cast out.

For I came down from heaven, not to do mine own will, but the will of Him that sent me. And this is the Father's will which hath sent me, that of all which he hath given me, I should lose nothing, but should raise it up again at the last day.

And this is the will of Him that sent me, that every one which seeth the Son, and believeth on Him, may have everlasting life: and I will raise him up at the last day. —St. John 6: 35-40.

Insects in Stored Grain

There have been several reports of mites showing up in stored grain. Once mites or other insects start in grain in hot weather they multiply very rapidly and can cause damage in a very short time. Anyone who has grain still stored on the farm should check it regularly for any sign of heating or insect damage. Moving the grain to reduce the moisture and cool it off will delay damage. If it is not possible to move it there are fumigants which will kill the insects but it must be remembered that this will not stop any heating which has started.

Tree Insects:

Insects can cause trouble in shelterbelts but this is easy to prevent. A little good insecticide and a sprayer are all the equipment needed. Be careful to wash out thoroughly any sprayer which has been used for weed killers. Of the insecticides, Malathion is probably the best to use as it is effective for more types of insects than some of the others. Spray your trees at the first sign of damage.

Livestock Feed:

Crop prospects are not too bright just now and feed, particularly roughage may be scarce. Farmers should be on the lookout for any source of good feed. A lot of roadsides have Hay growing along them although it may not be possible to harvest all of it. Many sloughs are dry enough to cut hay in this year. If we get rain there is still time to get a crop of greenfeed. A light crop may be more profitable as cattle feed than as grain. Put up all the feed you can even if you don't expect to need it all this winter.

Grandmother's Day Well Attended

The annual Grandmother's Day, sponsored by the local W.I. was a very happy occasion. It was largely attended.

Mrs. M. Fahner made an excellent Mistress of Ceremonies. The Address of Welcome was made by Mrs. L. E. Meier and the reply by Mrs. R. O. Larson.

The program consisted of a piano solo by Arlene Clumstad, duet by Gayle and Melba Sampson, accompanied by sister Verle.

Mrs. C. S. Smallwood then showed a set of slides taken during her recent visit to Ottawa.

A number of interesting facts were discovered at this meeting and were as follows:

Eldiest grandmother, Mrs. E. S. Taylor; Youngest grandmother, Mrs. Stanley Guitner; Grandmother with all granddaughters (largest amount), Mrs. G. Knowles; Most grandchildren, Mrs. F. T. Thurston; Latest grandmother, Mrs. R. O. Larson; Newest grandchild, Mrs. Guitner.

A delicious lunch was served by the W.I.

Mrs. Martin Enger, on behalf of the grandmothers present, expressed thanks for this delightful afternoon.

Card of Thanks

We would like to express our heartfelt thanks to the relatives and friends who spent so much time and effort on our behalf; for the lovely set of 1881 Rogers Silverware, the purse, A special thanks to Alex Smallwood, Jim Jackson, Jim Kennedy, Charlie Archibald, and Georgina Enger for their kind words; to the ladies for their lovely bouquets; to Mrs. Hurst who made the corsage so beautifully.

Our Silver Anniversary has truly been one of the high-lights of our lives and we shall be forever grateful.

Sincerely,
Bill and Adelaide Dootson

GRANDMOTHERS HONORED

Grandmother's Day proves more popular each year and this year at the Jarow W.A. at the home of Mrs. Whidden, 14 grandmothers were fêted to an afternoon of entertainment. Following a short business meeting, Mrs. Sonett then took charge of the program. After a few words of welcome, each grandmother was presented with a lovely corsage made by Mrs. Hurst of Irma, followed by a "Welcoming Grandmothers" song. Other musical numbers were enjoyed and also a humorous skit called, "Forming a Men's Aid."

A lovely lunch was then served. Mrs. Darling, on behalf of the grandmothers, expressed the thanks of all for the lovely afternoon. Mrs. Whidden also spoke a few words on how pleased she was at so many being present.

Special guests from distant points were Vivi Carter of Edmonton, and Mrs. Jean Fidler from Ontario. About fifty people enjoyed the lovely day.

EASTERLY ECHOES

The Dootson's celebrated the 15th by journeying to Mameo Beach on Pigeon Lake. Enroute we stopped at the Stan Reynolds' Pioneer Museum (supposed to be the only one of its kind in Alberta) at Wetaskiwin. We were very interested in the old model cars, a 1907 Maxwell (no doubt the Jack Benny type), a 1911 Franklin, a 1912 Locomobile, a 1916 National 12 cylinder and a 1932 Model "T" Ford, at one end of the modern car show room. We could well imagine the fashionable folks of yesterday in their Sunday best, riding in such vehicles.

There were also many old time tractors on the grounds. (Some being repaired, no doubt, for show purposes). Many truly good models of machines, probably having turned over many acres of sod in the early days.

What we thought was to be the usual Anniversary picnic for the Kennen's, Archibald's and Dootson's turned out to be a surprise for the Dootson's on the occasion of their 25th Wedding Anniversary.

About 60 folk gathered at Roseberry Hall on Sunday, after finding it too cool and windy at Wayside Park. Tables were laid the length of the hall, fairly groaning with so much food. A lovely wedding cake, made by Irene Crab and decorated by Mary Newton, centred the head table.

After everyone had partaken of the lovely supper, Alex Smallwood, host of the day, gave a speech, then called on Jim Jackson, Jim Kennedy, Charlie Archibald and Mrs. Martin Enger. Irene Crab, on behalf of the family and friends made the presentation of silverware, and Mrs. E. Fenton the purse, on behalf of neighbors and friends.

After much well wishing for the future, all departed for home. I'm sure we all felt the old community spirit was very much alive. The guests were very much pleased to wish we could continue having picnics such as this.

Our thanks to Mr. T. Sanders for his fine letter.

Mr. and Mrs. Harry Pytel and four children of Edmonton, spent the weekend at the home of the former's sister, Mrs. W. Crab.

Mr. and Mrs. J. Barritt of Saskatoon, Sask. have been holidaying at the coast. On their way home they visited with the latter's parents, Mr. and Mrs. Joshua Holt.

Mrs. B. Chesters (nee Rena Fenton) and children Nancy and Beven of Regina, have been visiting relatives, Nancy and Beven, before leaving the home of their uncle, Stuart Fenton.

Birthday greetings to one of our former neighbors, Mrs. J. Fenton, now of Wainwright, who celebrates her 85th birthday, July 20.

Mr. and Mrs. Mike Pytel of Elk Point visited at the home of their daughter, Mrs. W. Crab Sunday.

Harvey Pytel is spending the week with his cousins, Edna, Yvonne, George and Margaret Crab.

Elaine McMillan was holidaying with her friend Barbara Fenton last week.

Julius Stougard and Jim Kennedy went to the city Monday morning to take part in the parade.

Mr. and Mrs. R. Dempsey attended the Nilson-Symington wedding in Edmonton Saturday. They planned to attend the opening day of the exhibition also.

Mrs. E. Sanders of Bradner, B.C. has been renewing acquaintances in the district. She attended the W.I. Grandmothers' party Thursday, was a dinner guest in the Jackson home Friday, Friday evening she accompanied Mr. and Mrs. H. Barton to Dootson's, and Sunday attended the picnic at Roseberry. We always enjoy our old neighbors with us.

Mr. and Mrs. E. Fenton, Mrs. A. Cook and Gary attended the Edmonton Exhibition Monday.

News Report From Edmonton

By Ken Mason

EDMONTON—If there was any doubt about next year being a provincial election year, it should be dispelled by the news that the Social Credit party is busy lining up candidates.

The only ones chosen so far is Marion Kelts, who will run in the Acadia-Coronation riding but plans are being made for several more nominating conventions this fall.

Social Credit has a lot of catching up to do after the 1955 election, and the strategy appears to be to concentrate first on ridings the Socreds lost at that time. Party officials last week said their plans call for early nominations in ridings which were snatched away by the Liberals in 1955.

Acadia-Coronation was a Socred stronghold for 20 years until three years ago when Liberal Lee Sims beat out Clarence Gerhart, former provincial treasurer.

Meanwhile, party officials are working hard on bolstering the SC organization for an all-out drive to recapture the seats lost in 1955 and to counteract any effects of Social Credit's annihilation in the federal field last March.

Not to be left out, the CCF party is also busy preparing for a vote next year. Four candidates have been nominated so far: Robert Carlyle, Lacombe riding; Archie Olstad, Camrose; David Gariand, Wetaskiwin, and Charles Kelly, Lac Ste. Anne. The first three are in ridings held by Social Credit, while Lac Ste. Anne is in the Liberal camp.

Liberals and Conservatives, meanwhile, have to find provincial leaders before they can start girding for battle. Constituency organizations of both parties are naming delegates for leadership

Tree Planting Car Fifty Years Old

(From The Viking News)

The tree planting car, sponsored by the Canadian Forestry Association, visited Viking and other points on the Viking week on its tour of the province. In charge of the car the past five years is Mr. A. Paton of Edmonton, who finds the work very interesting, especially the question of soil conservation. The car carries charts and sound films he gives valuable information on shelter belts, wind breaks and beautifying farm surroundings. The films are up to date and besides a running commentary, Mr. Paton injects a few good ideas of his own. Programs are given each evening at 8 o'clock and the public is cordially invited to enjoy the program in the well equipped car. There is no admission charge.

The car, which is a converted passenger coach, fifty years old, has been on the road for 37 years. The interior is fitted up with comfortable rows of benches that seat 50 to 60 people. Sometimes, says Mr. Paton, the visitors have to stand in the aisles when there is an exceptionally large crowd.

A visit to this remarkable car is well worth while whether you live in town or country.

conventions scheduled later this year.

By the end of the year, the province should be well on the way to a routing election campaign, although the government probably won't call a vote officially until the Legislature meets again.

Likely issues of the campaign: municipal finance (again), oil and gas royalty dividends, and proposed increases in the domestic price of natural gas.

Premier Manning has returned from another trip to Ottawa where he discussed Alberta's oil and gas industry with federal government officials.

Prime Minister Diefenbaker and Trade Minister Churchill gave him a sympathetic hearing, he reported, but they made no promises regarding federal action to regain some of the markets Alberta has lost for crude oil.

Mr. Manning said even the most optimistic forecasts don't hold much hope for the future unless the Montreal area market is opened to western Canadian crude.

According to conservation board forecasts, available markets in 1965 will still absorb less than 50 per cent of Alberta's productive capacity. The premier says there must be a market for at least 60 per cent to keep the oil industry healthy. He sees the Montreal refining area as the only market.

But the problem is this: Alberta crude must be transported to Montreal at prices competitive with crude from the Middle East, Venezuela and the U.S.

It would require an 1,800-mile \$400,000,000 pipeline, but this wouldn't be feasible unless markets were guaranteed. If necessary, the premier says, Ottawa should create markets by restricting imports of foreign oil.

He says Ottawa may be waiting for an interim report from the Borden commission on energy before adopting a policy on the matter.

Meanwhile, president J. R. White of Imperial Oil Ltd. has been telling the Borden Commission he thinks the Montreal pipeline would be uneconomical.

Voters lists for the August egg marketing plebiscite should be completed this week. Some 550 enumerators have been calling on farmers, and this week they were staying at home to add the names of those who were missed. Ballots will be mailed out to producers on Aug. 4, and must be returned not later than Aug. 30.

The poultrymen will be voting for the second time in less than a year on a question which could have a big impact on their future. If 51 per cent or more of those eligible vote in favor, it will clear the way for formation of a compulsory board to control marketing of all commercial eggs produced in the province. In a similar plebiscite last fall, the vote was just short of the necessary mark. A new vote was called when farm organizations claimed last year's enumeration was faulty.

Alberta's Farm Safety Week

Alberta's third successive Farm Safety Week has been proclaimed by the Provincial Government as July 20th to 26th. In their proclamation, they express the hope that local authorities, farm organizations and farm families join in the campaign to reduce farm accidents and the accompanying economic loss and grief for those concerned.

Pointing to the 1957 toll of 69 farm residents killed, W. J. Perkins, Farm Safety Director, noted that 20 of the victims were below 10 years of age and another twelve were between 10 and 19. These accidents could have been avoided he said. "We have to jolt people from an apathetic complacency towards farm safety so that it becomes a vital and integral part of farm living."

Human failure is the basic cause of accidents. In nearly every case failure to recognize and correct a hazard is the real cause behind loss of life or limb. Human shortcomings include hurry, improper care and use of equipment, false confidence and lack of knowledge.

During Farm Safety Week farm people are urged to check farm premises and practices, ever mindful that "when you work for safety—safety works for you."

The Safety Council has suggested a complete planning program for Farm Safety Week. Here it is:

Sunday, July 20—Have reverence for life. Take time to take care. Realize that haste makes waste. Plan to avoid an overcrowded schedule.

Monday—Home safety. Keep your farm in order. Keep everything in place. Eliminate hazards as you find them.

Tuesday—Livestock, be open minded to safety suggestions. Keep children away from animals and check and repair livestock equipment regularly.

Wednesday—Falls, good planning reduces the temptation to hurry, means better production and fewer accidents. Repair or discard broken, unsafe ladders. Place guards at hazardous places.

Thursday—Highway traffic, be courteous on the highway. A courteous driver believes in living and let live. Know and obey all traffic laws. Remove trees and shrubs near farm driveway entrance.

Friday—Machinery, make sure your equipment is in safe operating condition. Make sure all guards and safety devices are in

BASEBALL BANTER

(From The Viking News)

Though the Shamrocks have at least a three-week wait before the N.U.L. Baseball League play-offs, the Viking senior club is not resting on its laurels. An exhibition game was played here Wednesday evening against the Killam Braves. The Viking club, minus five regulars, still had enough power in their lineup to whip the visitors 9 to 6 in six innings. Larry Procktor, the team's regular shortstop, went all the way in a superb performance from the mound for Viking, while Dale Gaume took over from Killam pitcher D. Spillar in the fifth, only to get clobbered for seven runs. The first four innings ended with 0-0 score in the book, but Blair Jeffrey hit the game wide open in the fifth with a spectacular smash over the left field fence, scoring two runs. Gabriel Brissard hit the game's second homer in the sixth and from then on it was clear sailing for the locals.

The Shamrock entry in the big Two Hills tournament didn't fare as well as might have been expected. They took a 12-2 beating from the well-known Campion Pipe-liners in 5 innings Saturday morning. Gleeson's steady pitching and inspired catching on the part of Brent McNabb weren't enough to overcome the early lead built up by the Pipe-liners.

The Shamrocks, who had been notified that they were to play Cold Lake in the provincial "B" playdowns in Provost on August 6, paid particular attention to the games Cold Lake played in the Two Hills tourney. However, word has just been received that Cold Lake has withdrawn from the playdowns. This unexpected move gives Viking a bye into the finals of the divisional games at Provost. Whether this will aid the Shamrocks in their quest for provincial honors or merely send them into a severe beating remains to be seen.

Plans have been completed for the Shamrock's own tournament

place. Stop machines before unclogging, oiling or adjusting them.

Saturday—Review day, check up on any farm and farm home hazards that might have been overlooked. Find and eliminate at least two additional unsafe conditions around your farm.

DEMONSTRATION PLOTS

One way to judge the suitability of any variety of grain for a particular district is to see it growing side by side with many others. This is possible by paying a visit to one of the 200 "Crop Testing Plan" Demonstration Plots planted this year not only by our elevator agents but also by individual farmers throughout Western Canada.

Ask your Searle Agent for the location of the nearest plot.
